Mr. Rajesh Pamnani  
1-11-252/A,  
F-10, Begumpet  
HYDERABAD - 500 16

Dear Mr. Pamnani,

Many thanks for your letter of 13th August and 24th August together with their enclosures.

In regard to your letter of 13th August, the existence of the two additional sub-types that you had mentioned, and of which you had sent me one example each, had already been conveyed by me some time back to Mr. Shirolkar. He has to write a supplementary note on the subject and I shall add your note to it, I shall return your covers soon after I have received the note from Mr. Shirolkar in regard to the addition.

On the topic of Registration, I agree that Registration Receipts are also to be studied. I did not include it in my note, as I was already studying the subject of Registration Receipts and Acknowledgement Receipts. In case you or Mr. Ranjan or anybody else in Hyderabad has the receipts I would like to ~~like~~ have the details thereof, particularly the year. So that I can get Xerox copy for my study, if needed.

In regard to your letter of 24th August, giving information on the change of spelling of Nasik, and use of Digital

cylinder numbers, I <sup>have</sup> ~~shall~~ published it in the <sup>September</sup> ~~October~~ issue of the Journal.

I must compliment you on the thoroughness with which you are carrying out Philatelic Studies. Keep it up.

With kind regards and best wishes,

Yours sincerely,
